

# OFIPHARMA

**Any pharmaceutical raw material from reputable manufacturers around the globe!**

With a wide range of Active Pharmaceutical Ingredients, Ofipharma provides solutions for the pharmaceutical, compounding and nutraceutical industry. You can benefit from the strength and scale of a large international network tailored to your specific requirements.

Ofipharma has GMP areas where ingredients can be conditioned in any size, from 1 gram to bulk. Our services also includes sampling and repacking, in quantities that match your production process. All with comprehensive documentation in line with current EU falsified medication directives and GMP/GDP guidelines.

## **Ofipharma benefits:**

- Repacking solution (GMP)
- Retesting services (GLP)
- Free global sourcing
- Free your working capital
- On-site audit service (Ofidit)
- Partnership (end-to-end knowledge)

# PRODUCT LIST OFIPHARMA

## A:

- Acetazolamide
- Aceton
- Acetylcysteine
- Acetylsalicylic acid (Aspirin)
- Aciclovir
- Acriflavine HCl
- Adenosine
- Adrenaline tartrate
- Alanine (L-)
- Albendazole
- Alimemazin tartrate
- Allatonin
- Alprazolam <sup>CS</sup>
- Aluminium trichloride
- Ambroxol HCl
- Amikacin sulphate
- Amiloride HCl
- Aminolevulinic acid HCl (5-)
- Aminopyridinum (4-)
- Amiodarone HCl
- Amlodipine besylate
- Ammonia solution
- Ammonium chloride
- Amoxicillin
- Amphotericin B
- Ampicillin sodium (sterile)
- Arginin (L-)

- Aripiprazole
- Artemether
- Artesunate
- Ascorbic acid (Vit.C)
- Atropine sulfate

## B:

- Bacitracin zinc
- Baclofen
- Beclomethasone
- Benzocaine
- Benzoic acid
- Benzyl alcohol
- Betamethasone
- Biotin (Vit.H)
- Biperiden HCl
- Bromazepam <sup>CS</sup>
- Bromhexine HCl
- Budesonide
- Bumetanide
- Bupivacaine HCl
- Bupropion HCl
- Butalbital <sup>CS</sup>

## C:

- Caffeine (anhydrous)
- Calcium carbonate
- Calcium citrate
- Calcium gluconate

<sup>CS</sup> = Controlled Substance

[www.ofipharma.com](http://www.ofipharma.com)

- Cannabidiol oil (CBD)
- Capsaicin
- Captopril
- Carbamazepine
- Carbocisteine
- Carbomer 980
- Carbomer gel
- Carnitine (L-)
- Cefazolin
- Cefotaxim
- Cetomacrogol 1000
- Cetrimide
- Cetrizine
- Cetyl alcohol
- Cholecalciferol (Vit.D3)
- Chlorhexidine
- Chlorphenemine maleate
- Chlorpromazine HCl
- Chlorzoxazone
- Cholic acid
- Cimetidine
- Ciprofloxacin
- Citric acid
- Clindamycin HCl
- Clobazam <sup>CS</sup>
- Clobetasol (propionate)
- Clonazepam <sup>CS</sup>
- Clotrimazole
- Cloxacillin
- Cocaine HCl <sup>CS</sup>
- Colistimethate sodium
- Collodium 4%

[www.ofipharma.com](http://www.ofipharma.com)

- Cyanocobalamin (Vit.B12)
- Cyclizine HCl

## D:

- Dexamethasone
- Dextromethorfan hydrobromide
- Diazepam <sup>CS</sup>
- Diclofenac sodium
- Dihydromyricetin
- Diltiazem
- Dimethylfumarate
- Disulfiram
- Dobutamine
- Domperidone
- Dopamine HCl

## E:

- Enalapril maleate
- Ephedrine HCl
- Ergotamine tartrate
- Erythromycin
- Estradiol (E2)
- Estriol (E3)
- Estrone (E1)

 FIPHARMA

- Ethanol/Alcohol ketonatus
- Ethanol/Alcohol pure
- Etidronate disodium

#### **F:**

- Fenylefrine HCl
- Ferrous sulfate
- Finasteride
- Fludrocortisone acetate
- Fluorescein sodium (USP)
- Fluvoxamine
- Folic acid
- Fosinopril sodium
- Furosemide
- Fusidic acid
- Fytomenadion (Vit.K1)

#### **G:**

- Gentamicin sulfate
- Gentisic acid
- Glycine
- Glycopyrronium bromide
- Granisetron HCl
- Griseofulvin

#### **H:**

- Heparin (LMWH)
- Histamine
- Histidine (L-)
- Hydrochinon
- Hydrochloric acid
- Hydrochlorothiazide
- Hydrocortisone

#### **I:**

- Ibuprofen
- Imatinib mesilate
- Imidazole
- Insuline
- Iodine
- Ipratropium bromide
- Isoleucine (L-)
- Isoprenaline HCl
- Isopropyl myristas
- Isosorbide
- Itraconazole
- Ivacaftor
- Ivermectin

#### **K:**

- Kanamycin
- Ketamine HCl
- Ketoprofen

#### **L:**

- Labetalol HCl
- Lactose
- Leucine (L-)
- Levamisole
- Levobupivacaine
- Levodopa
- Levomenthol
- Lidocaine
- Lithium carbonate
- Lorazepam <sup>CS</sup>
- Lumacaftor
- Lysine (L-)

#### **M:**

- Magnesium chloride
- Magnesium stearate
- Mandelic acid
- Mannitol
- Melatonin
- Meloxicam
- Mepivacaine HCl
- Mercaptopurine
- Meropenem
- Mesalazine/ 5-ASA (micro)
- Metformin
- Methadone <sup>CS</sup>
- Methenamine
- Methionine (DL-)
- Methylcobalamin (Vit.B12)
- Methylprednisolone
- Metoprolol tartrate
- Metronidazole
- Miconazole
- Midazolam <sup>CS</sup>
- Minoxidil
- Mirtazapine
- Misoprostol
- Mivacurium
- Modafinil
- Monomethylfumarate
- Morphin <sup>CS</sup>
- Moxifloxacin HCl
- Mupirocine Calcium
- Myvacet

- Neomycin sulfate
- Neostigmine
- Niacin (Vit.B3)
- Nicotinamide (Vit.B3)
- Nitrazepam <sup>CS</sup>
- Nitroprusside sodium
- Noradrenaline tartrate
- Noscapine HCl
- Nystatin

#### **O:**

- Olanzapine <sup>CS</sup>
- Oleic acid
- Oxazepam <sup>CS</sup>
- Oxybutynin
- Oxytetracycline

#### **P:**

- Palmitoyethanolamide (PEA)
- Pamidronic acid
- Pancreatine
- Panthenol (D-)
- Paracetamol
- Paroxetine

- Penicillin G (sterile)
- Phenacetin
- Phenobarbital <sup>CS</sup>
- Phenolphthalein
- Phenylbutazone
- Pilocarpine (milled)
- Pipamperone DiHCl
- Piperazine
- Piracetam
- Polymyxin B sulfate
- Potassium clavulanate
- Povidon K30
- Povidone iodine
- Prasteron (DHEA)
- Praziquantel
- Prednisolone
- Pregnenolone
- Primidone
- Procaine HCl
- Progesterone
- Propylene glycol
- Pyrantel embonate
- Pyridoxine (Vit.B6)
- Pyrimethamine

#### Q:

- Quetiapine fumarate
- Quinine

#### R:

- Ranitidine
- Remifentanyl HCl
- Resorcinol

- Retinol (Vit.A)
- Riboflavin (Vit.B2)
- Ribose (D-)
- Rifampicin
- Risperidone
- Ritodrine HCl
- Rocuronium bromide
- Ropivacaine HCl
- Roxithromycin

#### S:

- Salicylic acid
- Sertraline
- Sildenafil
- Silver nitrate
- Silver sulfadiazine
- Sodium carbonate
- Sodium chloride
- Sodium fusidate
- Sodium hydroxide
- Sodium propionate
- Sorbic acid
- Sorbitol
- Spironolacton (micro)
- Sulfacetamide
- Sulfadiazine
- Sulfamethoxypyrazine
- Sulfapyridine
- Sulfathiazole
- Sulphapyridine
- Sumatriptan
- Suxamethonium

#### T:

- Tacrolimus
- Talcum
- Testosterone
- Tetracaine
- Tetracycline
- Thiamazol
- Thiamine HCl (Vit.B1)
- Thimerosal
- Tilmicosin
- Tin (II) chloride
- Tiotropium bromide
- Tobramycin
- Tocopheryl acetate (Vit.E oil, dl-α )
- Tolbutamide
- Tramadol HCl
- Tranexamic acid
- Tretinoin / Retinoic acid
- Triamcinolone
- Triamterene
- Triglycerida saturata media
- Trimethoprim
- Trometamol
- Tryptophan (L-)
- Tween 61

#### U:

- Ursodeoxycholic acid

#### V:

- Valaciclovir
- Valine (L-)
- Vancomycin

#### X:

- Xylazine HCl
- Xylitol
- Xylomethazolin HCl

#### Y:

- Yohimbine

#### Z:

- Zinc chloride
- Zinc oxide
- Zolpidem
- Zopiclone
